WORK EXPERIENCE

Seale & Associates | *Washington DC. Summer Analyst*

May. 2025 - July. 2025

- Seale is a multinational investment bank with operations in the United States and Mexico. It is the leading investment bank by number of transactions in Mexico
- Managed buy & sell-side processes, involved in client communications, deliverables, and financial modeling in a high-demand environment

Vector Casa de Bolsa | *Monterrey, Mexico. Investment Banking Intern*

May. 2024 - July. 2024

- Vector is a Mexican financial services institution providing brokerage, asset management, and investment banking services. It is one of the largest financial service institutions in Latin America.
- Involved in buy/sell side transactions, valuation, refinancing, and M&A projects, developing a profound understanding of financial models, accounting, and due diligence processes

Pulsar ML | *Monterrey, Mexico. Volunteer*

May 2022 - Sept. 2022

- Pulsar ML is a machine-learning startup with operations in the U.S. and Latin America, delivering AI-driven analytics solutions to organizations across multiple industries.
- Volunteered with the sales team by analyzing competitors, products, and pricing strategies, and assisted in client meetings by presenting customers with insights on product offerings, pricing structures, and expectations.

EXTRACURRICULAR

Vancouver Thunderbirds Track Club

- Represent the Vancouver Thunderbirds Track Club and Team British Columbia in local and national competitions
- Volunteer as a Cross Country Coach at primary schools, coordinating training & events to promote engagement

UBC Triathlon

- Represent UBC in triathlon competitions, balancing high-volume endurance training with academic and professional responsibilities.

Personal Projects

- Hands-on experience across technical and non-technical projects with contributions ranging from database design to front-end development, planning, and go-to-market considerations.

Additional Experience & Interests

- Member of the Vancouver School of Economics Undergraduate Society (treasury committee)
- Former analyst for 180 Degrees Consulting UBC
- Longstanding interest in endurance sports, outdoor pursuits, and physically demanding challenges requiring consistency and mental resilience.
